Torrent, Reliance Life sign pact for three biosimilars

Ahmedabad-based Rs 4,200-crore pharmaceutical company, Torrent Pharmaceuticals (TPL), announced on Thursday that it has entered into an exclusive licensing agreement with Reliance Life Sciences for marketing three biosimilars in India: Rituximab, Adalimumab and Cetuximab. As per the statement, Reliance Life Sciences will develop and supply these products to TPL after obtaining all necessary regulatory approvals and TPL will be the only company to market these biosimilars in India other than Reliance Life Sciences. TPL forayed into the oncology and dermatology segments in 2011-12.
